If a power of attorney names more than ten patent practitioners (37 CFR and 1.32 (c)).

Power of attorney must be accompanied by a separate paper stating which ten patent practitioners named in the power of attorney are to be recognized by the Office as being of record in application or patent to which the power of attorney is directed. If no separate paper, no power of attorney will be entered.

The separate paper can be signed by one of the patent practitioners named in the power of attorney, by a patent practitioner acting in a representative capacity, the assignee, acting pursuant to 37 CFR 3.73(b), or by all of the applicants.

The separate paper cannot request that a Customer Number be used instead; only the applicant or assignee can give power of attorney to a customer number.
